

THE SPELL

*I will tell you a tale, whether if true a few
cares of the passion between two lovers
that weaves itself with the struggle;
between two worlds that stay apart
and finally come to touch;
between the evil that destroys
and the good that makes people love*

*The theme of love pervades the existence of
the human being: its conquest and enjoy-
ment have always been told by poets and
romancers. Heading character is the
Woman. In 'The Spell' our company wants
to homage women by means of a tale.
This show is a delicate but in the same time
strong plot of loving rituals and battles.
The forces of Evil take possession of our
hero transforming him in a warrior of the
darkness by means of a spell. His courage
and loyalty will be exploited for the con-
quer and destruction of the world.
Only the sweetness of his maiden, chosen by
the supreme forces of Good, will succeed in
breaking the spell to bring back light and
happiness in the darkened hearth of the
young man.
The story rolls, pressing more and more the
fantasy of the audience, among actors on
stilts, fireworks, flaming swords and en-
chanted scenes.*

Technical note

• **Performing Area**

The performing area (square, road, field) must be free from traffic or other obstructions. The minimum effective performing area required is 20/25 x 20/30 m.

• **Electricity supply**

The electricity supply required is 15 KW (three-phase + neutral + earth). The electricity supply must be situated at a maximum distance of 15/20 meters from the performing area.

• **Free access**

The Organization must also guarantee the free access to the chosen place to the members of the Company (vehicles included) during a whole day.
